

SAFETY OF LIFE AT SEA (SOLAS)

Verified Gross Mass (VGM) Status:-

CN's obligation remains unchanged as it pertains to VGM.

CN will continue to operate "business as usual".

CN will continue to forward the declared container weight to the respective Port Terminals as per below:-

CN will transmit weight information provided by the Shipping Line on the rail billing or the weight information the Trucker declares at the in gate. If the weight provided is gross (including tare) or is provided as Net (excluding tare – only Gross cargo weight), CN will transmit to the Port Terminal with the appropriate qualifier.
