

A NOTICE TO LICENSED FREIGHT FORWARDING PARTIES:

Please be advised that effective 10-15-17 (October 15, 2017), Mediterranean Shipping Company (USA) Inc. will no longer be offering compensation, commissions, or payment per our filed tariff to freight forwarder parties as consideration for any export shipment from the United States. Our tariff will be adjusted to reflect a zero percent (0%) commission rate to freight forwarders for all U.S. export trades, whatever the commodity, and we will follow the tariff accordingly.

Freight forwarder compensation rates which are part of any contractual agreement between MSC USA Inc. and a freight forwarder party will be unaffected by this change, and will continue to be applied with full force and effect.

Thank you for your continued support.
