We keep topics timely, and talk about any transportation concern you have! Here are a few:

- **Trade & Transportation Overview** – China tariffs; Japan opening; new US-Canada Mexico Agreement; low sulfur fuel and other emerging challenges for exporters. Discussion facilitated by:
Peter Friedmann, Executive Director, AgTC
- **Ocean carrier service to California shippers** – Alliances, mergers, new routes, free time – What we need from ocean carriers (and what they need from us). Forecast on the year ahead.
Uffe Ostergaard, President North America, Hapag Lloyd
- **California Port Update:** On-Dock Rail, cold storage warehouse, automation, clean air mandates, Central Valley terminal container load point.
 - *Ron Brown, Port of Oakland*
 - *Susan Ransom, SSA Terminals*
- **Free Time Penalties:** Detention, demurrage – profit center for the carriers and terminal operators? Federal Maritime Commission investigation.
- **Export (and import) Documentation & Compliance:** Customs & Border Protection penalties
- **Trucking Stress:** ELD and Hours of Service enforcement. More rail, less truck? Inland load points. Amazon's interest in match-back.
