

## **AgTC Annual Meeting Port Terminal and Facility Tours: Friday Morning June 14**

Meeting Attendees have the opportunity to participate in 7 tours in the Tacoma area of facilities critical to the export of ag and forest products. Tours will depart from the Hotel Murano beginning at 9am (via van and carpool) and will conclude by noon at the latest. [Click here to sign up for the tour of your choice.](#) Descriptions below:

### **SSA Terminal (Matson) Tour Aboard Vessel:**

Your chance to climb aboard a Matson containership! While the tour visits the domestic terminal, the presentation and Q&A will discuss all SSA Terminal operations, including the international Terminal 18 in Seattle.

### **Husky Terminal Tour with possible ONE vessel tour:**

Tour Husky terminal to see firsthand how your cargo moves through the gates of the terminal, into the yard, and onto a vessel. Discuss operational challenges and solutions, and see up close how trouble tickets, roadability inspections, etc are handled.

*If the schedule allows,* ONE will offer a vessel tour. Subject to change. **Maximum 10 attendees.**

### **PCT (Everports) Terminal Tour with possible Evergreen vessel tour**

Tour Pierce County Terminal (PCT) to see firsthand how your cargo moves through the gates of the terminal, into the yard, and onto a vessel. Discuss operational challenges and solutions, and see up close how trouble tickets, roadability inspections, etc are handled.

*If the schedule allows,* ONE will offer a vessel tour. Subject to change. **Maximum 10 attendees.**

### **Washington United Terminal (WUT) Terminal Tour**

Tour WUT to see firsthand how your cargo moves through the gates of the terminal, into the yard, and onto a vessel. Discuss operational challenges and solutions, and see up close how trouble tickets, roadability inspections, etc are handled.

### **Brown and Haley (Almond Roca) Factory Tour OPEN TO SPOUSES**

Visit local confectionary (and exporter) Brown & Haley, manufacturers of Almond Roca for over 100 years. Rarely open to the public, they are offering two tours to AgTC members – 9am and 11am. See their manufacturing operations and learn about their global markets. This tour is open to registered spouses as well.

### **MacMillan Piper Transload Facility:**

Get an inside look at a busy transload facility and the largest container freight station in the Pacific Northwest! Learn about daily operations and discuss challenges and solutions related to container availability, truck weight limits, documentation cut-off, and more

### **New Cold warehouse (limited to cargo holders only):**

NewCold ([www.newcold.com](http://www.newcold.com)) is a logistics service provider in the cold chain industry, with its HQ in the Netherlands. They have specific expertise in developing and operating advanced automated cold storage facilities, and offering end to end transport solutions for leading frozen and refrigerated food companies. They operate a European network of these cold stores, and we have recently started operating our first US based automated coldstore in Tacoma.
